Embryos sell by Endure, Masterplan, Frontier, Heavy Duty and Commitment. This powerful donor was top seller in Mohican West fall sale. She is sired by Upgrade and traces to the greats P606 and 45P on dam side. This is a very maternal pedigree and her EPD's are in top 1% of breed for Milk and M&G. The udder quality on her and her dam are very good. She is a good sized powerful cow with lots of volume and full pigmentation! Embryos sell by Endure, Masterplan and Revolve. A high volume, stout made, high performance Upgrade daughter from a Nasdaq and Sabre breed cow. She also has the dark color and full pigmentation. To top it all off she is Homo Polled! She is newer to our donor group so we haven't sold much by her yet but we have a few very nice Masterplan calves on the ground now! She checks a lot of boxes and is a breed improver for 15 of 20 categories! Owned with Dakitch Farms, Ada, MN.
